

October 6, 2009

Dear Carbon Valley Academy Families,

We wanted to let you know that we have at least two confirmed cases of H1N1 flu in 2nd and 5th grades. Since the virus has spread to multiple grades we felt the need to contact everyone since we do have students with compromised immune systems in a few classes. Please make sure your child is being diligent about hand washing and encourage them not to share food or drinks. We are also taking extra precautions and disinfecting classrooms and common areas of the school. Of course if your child is not feeling well, PLEASE do not send them to school. Thanks for your cooperation and understanding!!

Sincerely,

Tony Carey

Executive Director
